Do they want to learn?
No opportunity for leaning?

The World today

We introduce education from around the world using photos and other materials. There are hands-on displays and exhibitions showing activities related to SDGs.

Comparing fairy tails from around the world

Are foxes wise and mice kind? We exhibit picture books of the world focusing on fairy tales, and show the various ways of looking at things.

Our challenge to you
from the library!

Picture book puzzles from around the world

Try puzzles using the titles of picture books! There will be a small gift for people who complete the puzzles and find out all the answers.
